Coimbatore, Jan. 24

NEC India Pvt. Ltd, a wholly-owned subsidiary of NEC Asia reiterated its plans to increase its focus on the hospitality sector, with the launch of UNIVERGE SV8500 – an enterprise communications solution.

The company has tied up with Enkay Technologies (India) for targeting potential customers in the hospitality and enterprise segment, with Intellicon for Government and enterprise customers and with Arvind Ltd- Telecom division (Syntel) for reaching out to customers in the SME segment through their dealer network.

Mr Ravinder Raina, Country Head – Private Network Systems, NEC India, said the company would seek to fortify the hospitality industry with its assortment of solutions.

'The UNIVERGE SV8500 is capable of supporting up to 16000 endpoints in a single system. It is reliable, scalable, energy efficient and supports voice, unified communication and mobility solutions for tens of thousands of users in a networked environment,' he
