

## NEC LED-FA009i2-165

Indoor LED 0.9 mm 165" UHD Bundle

### Datasheet

#### Extreme visual performance

Delivering extreme levels of visual performance where the finest detail matters the most; NEC's 0.9mm super-fine pixel pitch LED FA009i2 modules and bundles offer a premium solution for boardrooms, control rooms, luxury retail environments and simulation.

The super-fine pixel pitch enables configuration of an ultra-high-resolution canvas at a screen size of just 165" for demanding application scenarios where the viewing distance is short and the content requires highly detailed scrutiny.

With an innovative 4-in-1 IMD diode design, reality-like image presentation can be achieved without interruption from bezels or gaps, delivering excellent viewing angles, consistent vibrant colours and superb brightness. Designed with industry-grade quality and redundancy for key components, the FA Series provides a display solution with longevity and unmatched reliability.

#### Benefits

**Care-free installation** - with bundled solutions that deliver all you need to get your LED video wall up and running.

**Large scale for perfectly detailed imagery** - completely bezel-less design with high contrast rates deliver an unhindered viewing experience.

**Secure performance for demanding applications** - with high-end components and redundant module design with additional power supply and data cards to ensure ongoing operations with a minimal loss of brightness levels.

**Superb readability in bright light environments** - high brightness levels of up to 600 cd/m<sup>2</sup>, along with wide viewing angles deliver clear messages to your audience even under varying and demanding ambient conditions.

**Slim design** - with a flush rear profile, LED modules can be integrated very close to the wall with minimal gap necessary due to very low heat emission.
